

MENTON, RIVIERA
& MERVEILLES
OFFICE DE TOURISME

THE SUSTAINABLE DEVELOPPEMENT CHARTER TOURIST OFFICE MENTON, RIVIERA AND MERVEILLES

Our internal operations:

- We use the water and electricity power controllers in our sanitary facilities
- We recycle by reusing the printed paper
- We recycle our used ink cartridges
- We save energy by using the light only during opening hours.
- We turn off our computers when we are not working
- We recycle all paper flayers, cardboard and used catalogs
- We encourage reduced printing with the initiative to print only strict minimum needed
- We recommend not to print our e-mails
- We have a common digital space in order to avoid internal paper waste with unnecessary photocopies
- We encourage carpooling for our external missions as well as public transport

Our purchases:

- We privilege the collaboration with labeled providers such as FSC, PEFC
- We privilege eco-labeled and pro sustainable suppliers
- When buying products, we always give preference to local suppliers
- We encourage carpooling for our external missions
- We promote local production (handicrafts, honey, tea)

Our commitments to visitors:

- We inform them about bicycle use and free charging stations for electric vehicles in our territory
- We inform and sell tickets for the public transports
- We inform them about existing strategies and actions for protecting the global environment
- We have a complete digital documentation database in order to avoid the waste of paper
- We provide the bags for dog faeces free of charge
